

Many Thanks!!!!

The Members of the Fort Garland Revitalization Committee would like to express our gratitude to the Ermold family and especially to Kerry Ermold for all the gracious and kind help you gave us during our GOCO grant project for the Fort Garland Park. The new playground looks wonderful and lots of children have already expressed their joy at the new equipment.

Thanks to your in-kind and all the hours of planning we were able to create a new park area beyond our imagination for our entire community to enjoy for many years to come.

I personally can not remember a situation where I was treated as kindly and with the patience that Kerry has shown. It has been a pleasure getting to know him and your entire family.

Have a Wonderfully Merry Christmas and a Joyous New Year

Darlene Lange
